Rationality, Hermeneutics and Dialogue Paul Healy, 2017-11-30 What is rationality and how are we to conceive of it today given the major theoretical changes that have profoundly altered our philosophical self understanding Rationality Hermeneutics and Dialogue develops a systematic response to these questions defending an approach to rationality that can meet the demands of a postfoundationalist and pluralistic era Engaging critically with the work of Habermas Gadamer and Foucault Healy makes the case for a dialogical approach to rationality as a fitting response to postfoundationalist needs As well as advancing existing scholarship on these theorists Rationality Hermeneutics and Dialogue contributes to filling a significant lacuna in the literature on rationality as prefigured by Richard Bernstein and others By showing how the dialogical approach can resolve two challenging contemporary problems for rationality it demonstrates how critical engagement with the Continental tradition can facilitate the resolution of aporias arising within the Analytic tradition It thereby sets the scene for a productive and potentially provocative debate about rationality in the twenty first century
