Writing in the Vicinity of Art Tracey Warr,2023-09-29 Tracey Warr s art texts have been developed as an embedded writer writing with rather than about artists Throughout her various modes of art writing she argues against binaries and focuses on the stream of consciousness the more than human and remoteness Her essays tangle with punk art art and ecology endurance art performance art site specific art and women s art Warr s writing engages with the making processes of contemporary artists including Marina Abramovic Ackroyd and Harvey Tine Bech Brook and Black Bruce Gilchrist Marcus Coates Elpida Hadzi Vasileva London Fieldworks Hayley Newman Optik Alan Smith Emily Speed Christian Thompson James Turrell Urbonas Studio and more *The Art of Post-Dictatorship* Vikki Bell,2014-06-20 Since the end of the last dictatorship in 1983 Argentina s visual artists and art activists have been central to campaigns to demand the criminal prosecution of those initially granted amnesty and to a variety of commemorative projects In *The Art of Post Dictatorship Ethics and Aesthetics in Transitional Argentina* Vikki Bell examines this involvement and intervention She argues that the problematics that arise within the aesthetic realm cannot be understood solely through an art historical approach instead they must be understood as a constitutive part of a broader collective endeavour In this sense the art of post dictatorship is not something that belongs to art or the artists themselves but is about how the subjectivities and imaginations of new generations are constituted and entwined with questions of response ethics and justice It concerns how people align themselves between the past and the future This book will be an invaluable resource for those studying the law politics art and sociology of contemporary Argentina as well as those concerned more widely with transitional justice and the politics of memory *"Art, Sex and Eugenics "* Anthea Callen,2017-07-05 This book reveals how art and sex promoted the desire for the genetically perfect body Its eight chapters demonstrate that before eugenics was stigmatized by the Holocaust and Western histories were sanitized of its prevalence a vast array of Western politicians physicians eugenic societies family leagues health associations laboratories and museums advocated through verbal and visual cultures the breeding of the master race Each chapter illustrates the uncanny resemblances between models of sexual management and the perfect eugenic body in America Britain France Communist Russia and Nazi Germany both before and after the Second World War Traced back to the eighteenth century anatomy lesson the perfect eugenic body is revealed as athletic hygienic pure blooded

and sexually potent This paradigm is shown to have persisted as much during the Bolshevik sexual revolution as in democratic nations and fascist regimes Consistently posed naked these images were unashamedly exhibitionist and voyeuristic Despite stringent legislation against obscenity not only were these images commended for soliciting the spectator's gaze but also for motivating the spectator to act out their desire An examination of the counter archives of Maori and African Americans also exposes how biologically racist eugenics could be equally challenged by art Ultimately this book establishes that art inculcated procreative sex with the Corpus Delecti the delectable body healthy wholesome and sanctioned by eugenicists for improving the Western race
