 Knowledge DOK to answer these questions offering experience based advice along with specific examples of K 8 assessment

 teachers are committed to compassionate critical and relational practice Weaving her own challenging experiences into  
 chapters brimming with children s writing and voices Dutro emphasizes that issues of power and privilege matter centrally to  
 how attention to trauma positions children The book includes questions and prompts for discussion reflection and practice  
 and describes pedagogies and strategies designed to provide opportunities for children to bring the varied experiences of life  
 including trauma to their school literacies in positive meaningful and supported ways This stunning book about trauma  
 interrogates the very notion Dutro excels at interweaving her stories with those of teachers and students and at challenging  
 readers to find their way into the fabric I recommend this book to teachers so that they might accept her challenge to explore
