5 Steps to a 5 AP U.S. History Stephen Armstrong, 2003-09-22 An exciting new series of study guides that lets each student design a course of study pitched to his or her individual needs and learning style. Each year more than one million U.S. high school students take one or more advanced placement AP exams and according to official projections that number will continue to rise in the years ahead. That is because AP exams confer important benefits on those who do well on them. High AP scores are indispensable to gaining admission to most elite colleges. They provide students with a competitive edge when competing for grants and scholarships. And they allow students to bypass required university survey courses, saving on skyrocketing tuition fees. Designed to coincide perfectly with the most current AP exams, Five Steps to a 5 on the Advanced Placement Examinations guides contain several advanced features that set them above all competitors. Each guide is structured around an ingenious Five Step Plan. The first step is to develop a study plan, the second builds knowledge, the third and fourth hone test taking skills and strategies, and the fifth fosters the confidence students need to ace the tests. This flexible study tool is also tailored to three types of students. For the more structured student there is a Month by Month approach that follows the school year and a Calendar Countdown approach that begins with the new year. For students who leave studying to the last minute, Basic Training covers the basics in just four weeks. Other outstanding features include Sample tests that closely simulate real exams, Review material based on the contents of the most recent tests, Icons highlighting important facts, vocabulary, and frequently asked questions, Boxed quotes offering advice from students who have aced the exams and from AP teachers and college professors, Websites and links to valuable online test resources along with author e-mail addresses for students with follow up questions. Authors who are either AP course instructors or exam developers.

Learning Directory, 1970 *Why Learn History (When It's Already on Your Phone)* Sam Wineburg, 2018-09-17 A look at how to teach history in the age of easily accessible but not always reliable information. Let's start with two truths about our era that are so inescapable as to have become clichés. We are surrounded by more readily available information than ever before. And a huge percent of it is inaccurate. Some of the bad info is well meaning but ignorant. Some of it is deliberately deceptive. All of it is pernicious. With the Internet at our fingertips, what's a teacher of

history to do In Why Learn History When It s Already on Your Phone professor Sam Wineburg has the answers beginning with this We can t stick to the same old read the chapter answer the question snoozefest If we want to educate citizens who can separate fact from fake we have to equip them with new tools Historical thinking Wineburg shows has nothing to do with the ability to memorize facts Instead it s an orientation to the world that cultivates reasoned skepticism and counters our tendency to confirm our biases Wineburg lays out a mine filled landscape but one that with care attention and awareness we can learn to navigate The future of the past may rest on our screens But its fate rests in our hands Praise for Why Learn History When It s Already on Your Phone If every K 12 teacher of history and social studies read just three chapters of this book Crazy for History Changing History One Classroom at a Time and Why Google Can t Save Us the ensuing transformation of our populace would save our democracy James W Lowen author of Lies My Teacher Told Me and Teaching What Really Happened A sobering and urgent report from the leading expert on how American history is taught in the nation s schools A bracing edifying and vital book Jill Lepore New Yorker staff writer and author of These Truths Wineburg is a true innovator who has thought more deeply about the relevance of history to the Internet and vice versa than any other scholar I know Anyone interested in the uses and abuses of history today has a duty to read this book Niall Ferguson senior fellow Hoover Institution and author of The Ascent of Money and Civilization **American History** Lowell Hayes Harrison,1948
