

The US Constitution

The United States Constitution is the highest law in our country. It tells about the rights of the American people. Many people worked for a long time to create the Constitution so that people in America could be treated fairly. Here are some facts about the US Constitution:

- ✦ It was written in 1787 by our Founding Fathers.
- ✦ It was created in Philadelphia, Pennsylvania.
- ✦ It was signed by 49 men.
- ✦ At the time the Constitution was written, there were only 13 US states.
- ✦ It has 4,543 words.
- ✦ It is four pages long.
- ✦ The first words of the Constitution are "we the people".
- ✦ It is now displayed in Washington, D.C.

These are some of the men who signed the Constitution:

Benjamin Franklin was 83 years old when he signed the Constitution. He was old and sick, but he had a good mind. While he was signing the Constitution, he began to cry.

George Washington was a farmer and soldier from the state of Virginia. He was the first person to sign the Constitution. Later, in 1789, he became the first President of the United States. He was President for eight years.
