Weather Report For Markham Ontario:

Monthly Weather Report South Africa. Meteorological Office,1920 Monthly Weather Report of the Meteorological Office ,1920 The Greene Murder Case S. S. Van Dine,2020-09-28 It has long been a source of wonder to me why the leading criminological writers men like Edmund Lester Pearson H B Irving Filson Young Canon Brookes William Bolitho and Harold Eaton have not devoted more space to the Greene tragedy for here surely is one of the outstanding murder mysteries of modern times a case practically unique in the annals of latter day crime And yet I realize as I read over my own voluminous notes on the case and inspect the various documents relating to it how little of its inner history ever came to light and how impossible it would be for even the most imaginative chronicler to fill in the hiatuses The world of course knows the external facts For over a month the press of two continents was filled with accounts of this appalling tragedy and even the bare outline was sufficient to gratify the public s craving for the abnormal and the spectacular But the inside story of the catastrophe surpassed even the wildest flights of public fancy and as I now sit down to divulge those facts for the first time I am oppressed with a feeling akin to unreality although I was a witness to most of them and hold in my possession the incontestable records of their actuality Of the fiendish ingenuity which lay behind this terrible crime of the warped psychological motives that inspired it and of the strange hidden sources of its technic the world is completely ignorant Moreover no explanation has ever been given of the analytic steps that led to its solution Nor have the events attending the mechanism of that solution events in themselves highly dramatic and unusual ever been recounted The public believes that the termination of the case was a result of the usual police methods of investigation but this is because the public is unaware of many of the vital factors of the crime itself and because both the Police Department and the District Attorney s office have as if by tacit agreement refused to make known the entire truth whether for fear of being disbelieved or merely because there are certain things so terrible that no man wishes to talk of them I do not know The record therefore which I am about to set down is the first complete and unedited history of the Greene holocaust 1 I feel that now the truth should be known for it is history and one should not shrink from historical facts Also I believe that the credit for the solution of this case should go where it belongs The man who elucidated the mystery and brought to a close that palimpsest of horror was curiously enough in no way officially connected with the police and in all the published accounts of the murder his name was not once mentioned And yet had it not been for him and his novel methods of criminal deduction the heinous plot against the Greene family would have been conclusively successful The police in their researches were dealing dogmatically with the evidential appearances of the crime whereas the operations of the criminal were being conducted on a plane quite beyond the comprehension of the ordinary investigator Journal [afterw.] Report London Lond. inst,1873 **Report of the ...
