Weather Modification United States. Congress. Senate. Committee on Commerce, 1966 Committee Serial No 89 59 Hearings were held in Denver Colo Moonlight in Winter Park Samantha Chase, 2014-11-24 All Hope Cooper needed this year was to have the kind of Christmas her family always cherished But with her parents gone and her only brother having to work it doesn't look like it's going to work out for her There's nothing she can do about her parents but she most certainly can voice her annoyance at her brother's boss for making him work out of town all through the holidays Beckett James hates the holidays and everything that goes with them They were important at one time but now the only thing that mattered was his company and its continued growth and anyone who worked for him better feel the same way If not they could find employment elsewhere and good riddance With a major expansion deal on the line Beckett needs to focus What he doesn't need is Hope to come barging into his mountain retreat demanding that her brother come home immediately due to an emergency Suddenly it's two alone in a snowstorm Two alone for Christmas And two alone to fight an attraction that had been there all along Hope soon begins to realize she may have misjudged Beckett while he comes to see that there really is something special and magical about Christmas But once they leave their private winter wonderland and return to their normal lives will the magic still be there A modern day Beauty and the Beast style Christmas Monthly Weather Review, 1895

Miles On the Mountain: Skiing At Sixty-four and Other Adventures Charlie Avera, 2020-02-27 Miles on the Mountain tells the story of the author's four year journey learning to ski in Colorado's beautiful Rocky Mountains This book is a simple and honest narrative that describes the ups and downs and successes and failures of an older guy learning to ski later in life In 1992 Charlie moved his family from Michigan to Colorado and has never regretted that decision But raising six children did not leave much time or money to take up an expensive sport like skiing However things changed in December 2013 when his daughter asked him if he wanted to try it just once From that first day on the bunny hill at the age of 60 to skiing blue and black diamond runs in some of Colorado's most popular ski resorts this book is more than just a chronicle of events Miles on the Mountain engages you in many friendly conversational and sometimes humorous stories as Charlie learned to ski as a senior citizen as well as the back story of why he waited so long to start his skiing career *Hearings, Reports and Prints of the Senate Committee on Commerce* United States.
