The Welcome

There is a processional at the beginning of the ceremony where the groom and groomsmen come in, afterward the bridal party and then the bride. After this, the officiant asks the guests to be seated and welcomes them to the wedding/joining of the couple.

The Readings

The welcome is usually followed by the reading or readings. A reading by the officiant or friends and family. It could also be pre-agreed upon religious verses read by any one of the guests.

The Vows

The couple exchanges their vows. Either standard vows in line with their denomination or original vows were written by them from scratch.

The Rings

After the vows, the couple exchange rings, usually repeating the required sentences and saying their I Do's after the officiant.

The Pronouncement

The couple is pronounced husband and wife by the officiant.

The Kiss!

The joining is sealed by a kiss after which the recessional follows and all the fun begin.

Prichard,2009-01-01 Clergy today are faced with a profound shift in American attitudes about marriage that affects the role they play with each couple Our society at large today has strikingly different attitudes from those of just fifty years ago Couples today are more likely to have cohabited before marriage more likely to have children born out of wedlock more likely to be married outside of the church and more likely to be previously divorced than were their counterparts of the mid 20th century This new pastoral resource grounded in real life examples will be an important new pastoral tool for clergy and seminarians in the Episcopal Church and other mainline Protestant churches It is organized chronologically beginning with how to engage the couple making a first time contact with a member of the clergy It next unpacks the marriage rite itself within contemporary and traditional viewpoints Finally the book addresses the critically important application of long term support for the couple throughout their married lives *Leading Beyond the Walls* 21293 Adam Hamilton,2010-09-01 Good pastoral leadership is not a by the numbers proposition It is a matter of heart and soul of devoting the whole self to the vision God gives for the congregation in which one serves Yet neither is it purely intuitive it requires hard careful thinking about the directions and details of the path down which God calls When Adam Hamilton became pastor of the United Methodist Church of the Resurrection its membership consisted of himself and his family Ten years later the church averages between five and six thousand worshipers per weekend Throughout this remarkable period Hamilton learned many serious lessons about both the broad visions and the specific details of pastoral leadership Bringing a depth of analytical skills often lacking in visionary leaders in this book he goes beyond simply telling the story of Church of the Resurrection He shares the questions that he learned to ask about the largely unchurched population to which Church of the Resurrection has reached out Further he demonstrates what he learned by listening to the answers to these questions and how doing so has made possible a number of strategically crucial decisions the church has made One of those crucial

decisions was to make more traditional forms of worship and praise the center of the congregation's life. The result is that the example of Church of the Resurrection offers pastors and church leaders especially those in mainline denominations the realization that they need not completely change their liturgical and theological identity in order to reach out to the unchurched. Drawing on his own experience as well as the detailed research on the characteristics of highly successful congregations he undertook during a sabbatical leave, Hamilton offers pastors and other church leaders solid substantive thinking on steps that congregations can take to become centers of vibrant outreach and mission.
