Within this book lie eerie encounters with mysterious Finns, spirited women, spectral mariners, and sea demons that inhabit the coastal lands of Norway. Let the salty air and haunting tales transport you to a realm of maelstroms and maleficent spirits where boat builders and dream wreckers intertwine in captivating narratives. These eleven stories, inspired by the wild legends of Nordland, bring to life the rich folklore and centuries-old traditions of Scandinavian seafaring life, leaving readers spellbound by their lyrical allure and enigmatic allure.

We have not used OCR (Optical Character Recognition) as this leads to bad quality books with introduced typos. 2. In books where there are images such as portraits, maps, sketches, etc., we have endeavoured to keep the quality of these images so they represent accurately the original artefact. Although occasionally there may be certain imperfections with these old texts, we feel they deserve to be made available for future generations to enjoy. ***Weird Tales from Northern Seas*** Jonas Lie, 1983 ***Weird Tales from Northern Seas*** Jonas Lauritz I.

Weird Tales from Northern Seas Jonas Lie, R. Nisbet Bain, Laurence Housman, 2015-01-30 Jonas Lie is sufficiently famous to need but a very few words of introduction Ever since 1870 when he made his reputation by his first novel Den Fremsynte he has been a prime favourite with the Scandinavian public and of late years his principal romances have gone the round of Europe He has written novels of all kinds but he excels when he describes the wild seas of Northern Norway and the stern and hardy race of sailors and fishers who seek their fortunes and so often find their graves on those dangerous waters Such tales for instance as Tremasteren Fremtid Lodsens og hans Hustru Gaa Paa and Den Fremsynte are

unique of their kind and give far truer pictures of Norwegian life and character in the rough than anything that can be found elsewhere in the literature Indeed Lie's skippers and mates are as superior to Kjelland's for instance as the peasants of Jens Tvedt a writer by the way still unknown beyond his native land are superior to the much vaunted peasants of Bjornstjerne Bjornson But it is when Lie tells us some of the wild legends of his native province Nordland some of the grim tales on which he himself was brought up so to speak that he is perhaps most vivid and enthralling The folk lore of those lonely sub arctic tracts is in keeping with the savagery of nature We rarely if ever hear of friendly elves or companionable gnomes there The supernatural beings that haunt those shores and seas are for the most part malignant and malefic They seem to hate man They love to mock his toils and sport with his despair In his very first romance Den Fremsynte Lie relates two of these weird tales Nos 1 and 3 of the present selection Another tale in which many of the superstitious beliefs and wild imaginings of the Nordland fishermen are skilfully grouped together to form the background of a charming love story entitled Finn Blood I have borrowed from the volume of Fortaellinger og Skildringer published in 1872 The remaining eight stories are selected from the book Trold which was the event of the Christmas publishing season at Christiania in 1891 Last Christmas a second series of Trold came out but it is distinctly inferior to the former one TALES THE FISHERMAN AND THE DRAUG JACK OF SJOHOLM AND THE GAN FINN TUG OF WAR THE EARTH DRAWS THE CORMORANTS OF ANDVAER ISAAC AND THE PARSON OF BRONO THE WIND GNOME THE HULDREFISH FINN BLOOD THE HOMESTEAD WESTWARD IN THE BLUE MOUNTAINS IT'S ME

WEIRD TALES from NORTHERN SEAS (Annotated) Jonas LIE, 2021-09-10 On Kvalholm down in Helgeland I dwelt a poor fisherman Elias by name with his wife Karen who had been in service at the parson's over at Alstad They had built them a hut here and he used to go out fishing by the day about the Lofotens There could be very little doubt that the lonely Kvalholm was haunted Whenever her husband was away Karen heard all manner of uncanny shrieks and noises which could mean no good One day when she was up on the hillside mowing grass to serve as winter fodder for their couple of sheep she heard quite plainly a chattering on the strand beneath the hill but look over she durst not They had a child every year but that was no burden for they were both thrifty hard working folks When seven years had gone by there were six children in the house but that same autumn Elias had scraped together so much that he thought he might now venture to buy a Sex ring 2 and henceforward go fishing in his own boat

Weird Tales from Northern Seas - Jonas Lie
Jonas Lie, 2010-02-20 A passage from the book Jonas Lauritz Edemil Lie was one of Norway's most prolific nineteenth century novelists The son of a town sheriff he grew up above the Arctic Circle in the city of Troms where his youthful impressions of the wild sea going life provided material for many of the stories in this collection first published in 1893 Weird Tales from Northern Seas was originally written in Danish which was the official language of Norway for many centuries As you might expect from your reading of the Brothers Grimm and Hans Christian Andersen these tales of the Northern Seas are not only weird but grim Grimmer than Grimm I should say The supernatural beings that haunt the shores and depths of the sea are

uniformly malignant including the merfolk Even a seal looked so evilly and viciously at him with its bloodshot eyes that Elias thought he should have died on the spot for sheer fright Weird Tales from Northern Seas, from the Danish of Jonas Lie Robert Nisbet Bain,1893 *Weird Tales from Northern Seas* Jonas Lie,2024-02-10 onas Lie is sufficiently famous to need but a very few words of introduction Ever since 1870 when he made his reputation by his first novel Den Fremtsynte he has been a prime favourite with the Scandinavian public and of late years his principal romances have gone the round of Europe He has written novels of all kinds but he excels when he describes the wild seas of Northern Norway and the stern and hardy race of sailors and fishers who seek their fortunes and so often find their graves on those dangerous waters Such tales for instance as Tremasteren Fremtid Lodsens og hans Hustru Gaa Paa and Den Fremtsynte are unique of their kind and give far truer pictures of Norwegian life and character in the rough than anything that can be found elsewhere in the literature Indeed Lie's skippers and mates are as superior to Kjelland's for instance as the peasants of Jens Tvedt a writer by the way still unknown beyond his native land are superior to the much vaunted peasants of Bjørnstjerne Bjørnson But it is when Lie tells us some of the wild legends of his native province Nordland some of the grim tales on which he himself was brought up so to speak that he is perhaps most vivid and enthralling The folk lore of those lonely sub arctic tracts is in keeping with the savagery of nature We rarely if ever hear of friendly elves or companionable gnomes there The supernatural beings that haunt those shores and seas are for the most part malignant and malefic They seem to hate man They love to mock his toils and sport with his despair In his very first romance Den Fremtsynte Lie relates two of these weird tales Nos 1 and 3 of the present selection Another tale in which many of the superstitious beliefs and wild imaginings of the Nordland fishermen are skilfully grouped together to form the background of a charming love story entitled Finn Blood I have borrowed from the volume of Fortøllinger og Skildringer published in 1872 The remaining eight stories are selected from the book Trolde which was the event of the Christmas publishing season at Christiania in 1891 Last Christmas a second series of Trolde came out but it is distinctly inferior to the former one TALES THE FISHERMAN AND THE DRAUG JACK OF SJOHOLM AND THE GAN FINN TUG OF WAR THE EARTH DRAWS THE CORMORANTS OF ANDVAER ISAAC AND THE PARSON OF BRONO THE WIND GNOME THE HULDRERFISH FINN BLOOD THE HOMESTEAD WESTWARD IN THE BLUE MOUNTAINS IT'S ME
