enjoyment and possibly to use as models for the making of reproductions Excellent reproductions of the antique dolls can be made by modern day artists Modern dolls are those sculpted by current day sculptors Modern dolls can be painted and dressed in any way the doll artisan prefers They can have painted eyes or the holes can be cut out from the porcelain before the bisque firing to allow the insertion of glass eyes Neither technique is easy Each has its own challenges and both look nice when done well These dolls can be dressed in any way the artist wishes as well Reproductions of antiques must be done so that the artist reproduces the original patterns and colors as they were initially done on the specific dolls This means reproducing the eyes with the same number of lashes that the artists painted on the antique dolls the same slant and the same spacing Dressing the antique reproductions poses another challenge as the dolls should be dressed in a period costume appropriate for that doll The fabrics should be natural fibers often actual vintage or antique fabrics Significant research is required to determine what styles fabrics and colors should be used for specific dolls This book has a wonderful collection of tips collected from the experts These are helpful for all doll makers especially people preparing for competitions This book contains a wealth of information for lovers and makers of both modern and reproduction antique dolls The information has been collected over the years from most of the most talented and experienced doll makers in the world It is shared here with those interested in preserving this art approaching each aspect of the doll in the best way possible **My Knitted Doll**
