Congressional Communication in the Digital Age Jocelyn Evans, Jessica M. Hayden, 2017-07-06 Over the past decade congressional websites have become the primary way constituents communicate with their members and a prominent place for members to communicate with constituents. Yet as we move toward the third decade of the 21st century little work has systematically analyzed this forum as a distinct representational space. Evans and Hayden offer a fresh, timely, and mixed methods approach for understanding how the emergence of virtual offices has impacted the representational relationship between constituents and members of Congress.

How Congress Works, 2013 Examines the basic workings of the U.S. Senate and House of Representatives looking at party leadership, the legislative process, and the committee system and includes a selection of reference materials.
