

## www.lyricstraining.com

One of my favourite websites is **lyricstraining.com**. It's great because you can learn English while you listen to your favourite songs. You choose a song and then listen to the song and complete the lyrics. You can also watch the video of the song.

The good points include the fact that there are lots of up-to-date groups you can listen to such as The Script or One Direction. In addition, you can choose the level: beginner, intermediate or expert, depending on your level of English. Another good feature is that you can repeat a line of the song as often as you want, until you know the missing word. Also, the website is very easy to navigate and you can listen to songs in different languages, for instance in Spanish, German and Italian.

One of the drawbacks is that some songs aren't on the website. Another bad point is that there is a lot of advertising on the website. However, you can just ignore it.

To sum up, I think this is an excellent website if you like music and you want to improve your English. You should check it out!
