Websites For Advanced Higher Spanish:

Advanced Technologies for Microfinance: Solutions and Challenges Ashta, Arvind, 2010-08-31 Advanced Technologies for Microfinance Solutions and Challenges is the first book to systematically address technology's impact on microfinance. It discusses a wide variety of technology applications that will define the next generation of the microfinance movement and it addresses the tough questions surrounding technology in microfinance. For instance, what are the disadvantages of technology-enabled microfinance and what will it mean for the inclusiveness and empowerment of the service? This dynamic collection is a must-have for anyone interested in microfinance, whether you are a donor, lender, or investor. The Handbook of Spanish Second Language Acquisition Kimberly L. Geeslin, 2018-08-14 Bringing together a comprehensive collection of newly commissioned articles, this Handbook covers the most recent developments across a range of sub-fields relevant to the study of second language Spanish. Provides a unique and much-needed collection of new research in this subject, compiled and written by experts in the field. Offers a critical account of the most current ground-breaking developments across key fields, each of which has seen innovative empirical research in the past decade. Covers a broad range of issues, including current theoretical approaches alongside a variety of entries within such areas as the sound system, morphosyntax, individual and social factors, and instructed language learning. Presents a variety of methodological approaches spanning the active areas of research in language acquisition. **Spanish and Empire** Nelsy Echávez-Solano, Kenya Dworkin y Méndez, 2007 Essays in this volume deal with the historical linguistic and ideological legacy of the Spanish Empire and its language in the New World. Items & Issues, 2001 *Spanish as a Heritage Language in the United States* Sara M. Beaudrie, Marta Fairclough, 2012-11-13 There is growing interest in heritage language learners: individuals who have a personal or familial connection to a nonmajority language. Spanish learners represent the largest segment of this population in the United States. In this comprehensive volume, experts offer an interdisciplinary overview of research on Spanish as a heritage language in the United States. They also address the central role of education within the field. Contributors offer a wealth of resources for teachers while proposing future directions for scholarship. Furthering Higher Education Possibilities through Massive Open Online Courses Mesquita, Anabela, Peres, Paula, 2015-09-03 In recent years, technological advancements have enabled higher learning institutions to offer millions of independent learners the opportunity to participate in open access online courses. As this practice expands, drawing considerable media attention, questions continue to arise regarding pedagogical methodology and the long-term viability of open learning. *Furthering Higher Education Possibilities through Massive Open Online Courses* seeks to provide a space for discussion of MOOCs: what they mean for the learning process, how they are redefining the concept of a classroom, and what effects they may have on the role of teachers. Featuring emerging research on a variety of topics relating to distance education, informal learning, as well as educational costs and funding, this book is aimed at teachers, administrators, business professionals, and designers of both curricular resources and e-classroom.
